

# **2020 Annual Report**

**MEDIC ONE FOUNDATION**

# We Are the Medic One Foundation

## OUR MISSION

Save lives by improving pre-hospital emergency care.

The Medic One Foundation is a community-based nonprofit organization dedicated to saving lives by improving pre-hospital emergency care. The Foundation supports critical programs and initiatives that have a significant impact on the number of lives saved through fundraising, advocacy, and collaboration.

**When faced with a life-threatening medical emergency, you probably never think about the quality of training paramedics receive or how to improve your chances of survival before you even reach the hospital.**

**But the Medic One Foundation does—every day. Thanks to you and your support of the Medic One Foundation, we are saving more lives.**

2020 was a challenging year for both our paramedic students and all first responders who are working harder than ever, fully dedicated to providing the emergency services desperately needed in our community during the COVID-19 pandemic.

**During this challenging year, your support made it possible to:**

- Train 13 new paramedics for our region.
- Produce 74 ultraviolet N95 mask decontamination units for local fire departments.
- Provide 1,500 gratitude meals for fire and police personnel who staffed the COVID-19 testing sites for first responders during the beginning of the pandemic.
- Purchase four additional training manikins for the Paramedic Training Program to meet social distancing requirements.
- Award 13 grants to help fire departments purchase much-needed rescue equipment, training manikins, P100 masks, and triage training supplies.
- Purchase new audio/visual equipment to support social distancing and remote learning for paramedic students to keep the training program on schedule and continuing education for 270 active paramedics throughout our region.

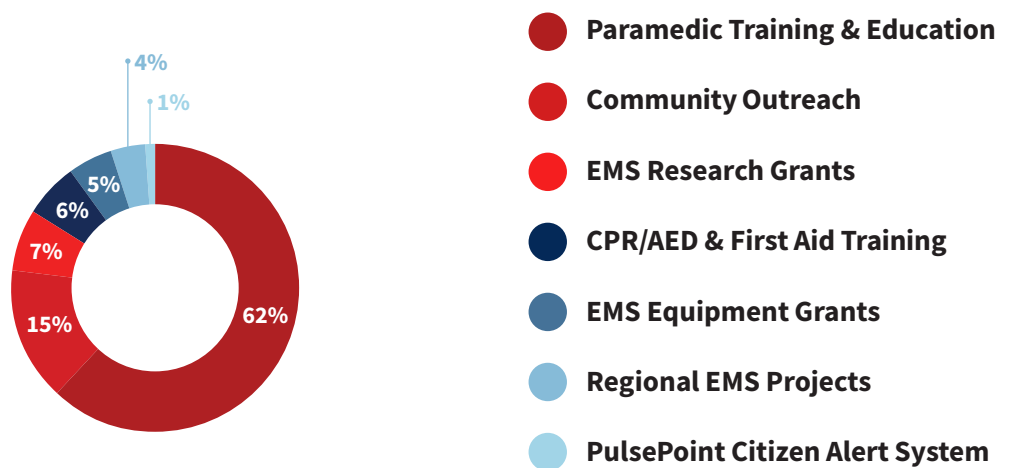

Your support is a major reason why Medic One paramedics achieve a survival rate for sudden cardiac arrest that is among the highest in the world. Every day, your gift brings life and hope back to families.

## Medic One Foundation Financial Highlights

The Medic One Foundation's most recent audited financials and IRS 990 can be found on our website at [mediconefoundation.org](http://mediconefoundation.org).

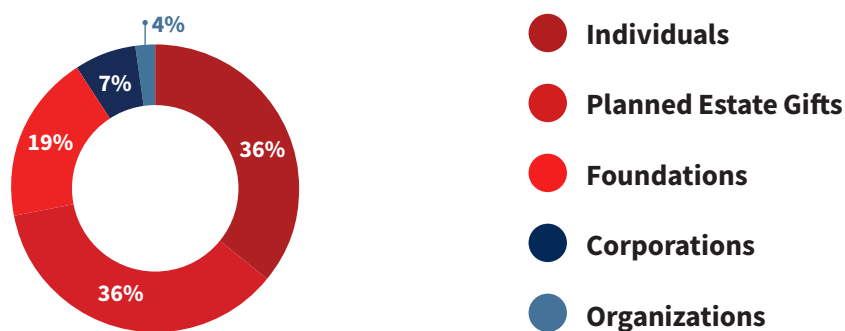

### Impact of Your Generosity

\$1.5 Million

### Revenue

\$2.85 Million

### Statement of Position

Unrestricted	\$3,856,030
With Donor Restrictions	\$1,125,432
<b>Total Net Assets</b>	<b>\$5,111,578</b>

### Expenditures

Program Services	\$1,528,449
Management	\$346,113
Fundraising	\$441,010

## Impact of Your Generosity Since 1974

Since 1974, the Medic One Foundation has invested **\$30 million** in pre-hospital emergency care to ensure that the care provided in our region is medically appropriate, employs the most advanced procedures, and is performed by qualified personnel.

### \$13 Million

#### PARAMEDIC TRAINING AND CME

Funding for the training and continuing medical education of paramedics in our region.

- 3x the number of training hours
- 3x the number of patient contacts
- Taught by UW/HMC physicians and faculty

### \$3 Million

#### RESEARCH

##### Selected examples:

- Hypothermia Study
- Telephone CPR Study
- Amiodarone-ARREST Project
- WA State AED Registry
- WA State Cardiac Arrest Registry
- Role of CPR following initial countershock in out-of-hospital cardiac arrest

### \$1 Million

#### EMERGENCY MEDICAL EQUIPMENT

Equipment grants to more than 55 fire and emergency service providers.

### \$7 Million

#### SPECIAL PROJECTS

##### Selected examples:

- Resuscitation Academy
- M. Copass Endowed Fund for Paramedic Training
- L. Cobb Medic One Endowed Chair in Pre-hospital Emergency Care
- PulsePoint
- Dispatch Center QA
- Rescue Drones
- Community Hands-only CPR/AED
- Certified CPR/AED/First Aid Training
- Wildland Fires

### \$6 Million

#### MEDIC ONE PATIENT CARE QA

Analysis of treatments and outcomes among out-of-hospital sudden cardiac arrest patients to improve care.

## Agencies Receiving Equipment Grants
