MEDIC ONE FOUNDATION

LIFESAVERS GALA

OCTOBER 28, 2023

A Warm Welcome to Our Guests

Thank you for attending the Lifesavers Gala! Your support tonight is very much appreciated and will ensure that our region's paramedics—among the best in the world—continue to receive an exceptional education that far exceeds national standards.

The mission of the Medic One Foundation is to save lives by improving pre-hospital emergency care. Through fundraising, advocacy, and collaboration, we support critical programs and initiatives that have a significant impact on the number of lives saved by our region's Medic One emergency medical system. We receive no government dollars and rely on charitable contributions from individuals, foundations, and businesses to accomplish our life-saving mission.

Established in 1974 by the founders of our Medic One system, our programs and initiatives are strategically identified by our Board of Directors, fire chiefs, and medical personnel to ensure that pre-hospital emergency care throughout the Puget Sound region is medically appropriate, employs the most advanced procedures, and is performed by qualified individuals.

Paramedic Training Class 50

Twenty-seven students representing seven emergency services providers in our region are enrolled in the Medic One Paramedic Training Program this fall. This is our largest class ever! Their 10-month long training began September 6th and will extend through June. During that time, they will undergo 2,100 hours of rigorous training, including classroom instruction, clinical rotations, and extensive field experience on Medic One paramedic units. As a result of this intensive training program, regional Medic One paramedics achieve a survival rate for sudden cardiac arrest that is 2-3 times greater than most major cities nationwide.

Welcome, Class 50!

Dr. Leonard Cobb

Dr. Michael Copass

Celebrating Over 50 Years of Saving Lives

In 1969, Dr. Leonard Cobb and Seattle Fire Chief Gordon Vickery initiated a program to test two questions. Is it possible to save the lives of critically ill patients outside of a hospital? And, can we train non-physicians to provide advanced care under the remote direction of a physician? Within two years, they showed that the answer to both questions was “yes,” and Medic One became a permanent community service.

Since the first run on March 7, 1970, Medic One services have expanded from one vehicle in Seattle to a region-wide network of pre-hospital medical treatment and paramedic training; from a local effort to treat cardiac patients to a national and international influence on how to provide effective field service to victims of catastrophic health and trauma events.

By 1975, Dr. Michael Copass had taken on the new role of Director of the Medic One Paramedic Training Program. Under his leadership, the program expanded beyond cardiac care to include trauma, obstetrics, pediatric care and more. Together Drs. Cobb and Copass, with assistance from other physicians and EMS leaders, created a top-tier, lifesaving service.

Since 1970, hundreds of paramedics have been trained and countless lives saved. The Medic One paramedic training program has strengthened emergency medical response throughout the state of Washington.

Honoring Dr. Leonard Cobb's Incredible Legacy

In February, we lost a great leader and visionary. Tonight, we honor Dr. Cobb's incredible legacy. Thousands of lives have been saved as a result of his devising of a tiered response system, community-wide CPR training, and cutting edge research. The groundbreaking, gold-standard programs he helped develop will continue to save lives for generations to come. Thank you, Dr. Cobb, for all that you did for our communities and the world. You will be greatly missed by all.

National First Responders Day

Today marks National First Responders Day. Designated by Congress in 2017, First Responder Day honors the paramedics, EMTs, firefighters, police officers and 911 operators who answer the call when a crisis arises, often putting their own lives on the line. Serving as a national day of gratitude, National First Responders Day pays tribute to their services to their communities and honors fallen first responders. Thank you! You are so appreciated and we are so thankful for your service.

Dessert Dash

The dessert dash involves each table combining their bids to claim one of the delicious desserts available at tonight's event. Each table will have a "Dessert Dash Bidders Card." The table with the largest bid gets first chance at dashing to the dessert table and picking the dessert of their choice! To get your chance at the most delectable, scrumptious dessert, simply complete the dessert dash card on your table! Be careful though... you'll need to bid high to be the first table called and be fast to get your favorite dessert because the next winning table number will be called quickly... thus, the DASH part of the Dessert Dash!

Auction Rules

All sales are final. There will be no exchanges, refunds, or extensions on items except where specified.

To ensure that you and our donors have a positive experience, please pay attention to all conditions, restrictions, and expiration dates on items and services. Many auction packages require the buyer to coordinate with several different donors. Except where otherwise noted, services, tickets, and certificates are subject to mutually agreed upon dates and times and must be used within one year of the auction.

Restaurant certificates do not include liquor, tax, or gratuities, unless otherwise indicated. All hotel/resort reservations are based on availability unless the certificate specifies an exact date.

All travel reservations included in the auction are subject to availability and certain restrictions and blackout dates may apply. Unless otherwise noted, travel must be completed by October 28, 2024.

No refunds will be allowed on travel packages for canceled tickets or accommodations. Air travel will be provided by airlines as stated even though prices may vary from the stated value. Unless otherwise noted, upgrades, stopovers, circle trips, stand-bys, and open returns are not permitted. Certificates for travel packages are not replaceable if lost or stolen.

The Medic One Foundation reserves the right to withdraw any item from the auction.

We strive to catalog and describe all auction items correctly. Items depicted in the live item presentation are for illustrative purposes and may not be the actual auction item. No statements contained in this catalog or made orally at the sale or elsewhere shall be deemed to be such a warranty, representation, or condition of the property.

Property is sold as-is and the Medic One Foundation neither warrants nor represents and in no way shall be responsible for the correctness of description, authenticity, authorship, provenance, or condition of the property.

THANK YOU!

Raise the Paddle

Each year, an estimated 240 million calls are made to 911 in the United States. In King County alone, Medic One and the EMS system respond to over 200,000 calls every year, of which over 45,000 are for advanced life support and require a paramedic response.

Our goal this evening is to raise \$1 million dollars to fund the extraordinary education and training for 27 Medic One paramedic students, as well as continuing education for over 270 current paramedics.

Charitable contributions to Medic One Foundation are the primary source of support for the world-renown Michael K. Copass, MD Paramedic Training Program. By raising your paddle tonight, you will help ensure that our region's paramedics, who are among the best in the world, receive an exceptional education that far exceeds national standards.
