We Are the Medic One Foundation

OUR MISSION
Save lives by improving pre-hospital emergency care.

The Medic One Foundation is a community-based nonprofit organization dedicated to saving lives by improving pre-hospital emergency care. The Foundation supports critical programs and initiatives that have a significant impact on the number of lives saved through fundraising, advocacy, and collaboration.
When faced with a life-threatening medical emergency, you probably never think about the quality of training paramedics receive or how to improve your chances of survival before you even reach the hospital.

But the Medic One Foundation does—every day. Thanks to you and your support of the Medic One Foundation, we are saving more lives.

In 2018, contributions to the Medic One Foundation made it possible to:

- Train and certify twenty-three new paramedics who are now in the field saving lives in Bellevue, Bainbridge Island, Everett, Lake Stevens, Marysville, Redmond, San Juan Islands, Seattle, South King County, and South Snohomish County.

- Provide the Medic One Paramedic Training Program with new child and infant life-like training manikins. These manikins will be used during pediatric medical skills on very vulnerable “patients.”

- Fund 30 hours of continuing medical education for more than 280 paramedics in the Puget Sound area, as well as first responders throughout Washington, Alaska, Montana, and Idaho via live video feed of continuing education classes.

- Investigate two language translation technologies to see if they could be used effectively in an emergency medical scenario. It’s part of an ongoing effort to support EMS providers in working with patients who speak limited English.

- Train over 600 citizen responders through our expanded CPR/AED and First Aid training program for businesses, civic and neighborhood groups, community residents, and schools.

- Award much-needed emergency equipment, including patient monitors, rescue equipment, and training manikins, to fire departments serving Auburn, Ferndale, Gold Bar, Lake Roesiger, Oso, Northshore, South King County, and Stanwood.

Your support of Medic One Foundation programs makes a significant difference in helping to save lives. Thank you again for investing in the exceptional quality of our region’s Medic One services.
The Medic One Foundation’s most recent audited financials and IRS 990 can be found on our website at mediconefoundation.org.

Impact of Your Generosity Since 1974

Since 1974, the Medic One Foundation has invested $27 million dollars in pre-hospital emergency care to ensure that the care provided in our region is medically appropriate, employs the most advanced procedures, and is performed by qualified personnel.

$10 Million

PARAMEDIC TRAINING AND CME
Funding for the training and continuing medical education of paramedics in our region.

$6 Million

MEDIC ONE PATIENT CARE QUALITY IMPROVEMENT
Analysis of treatments and outcomes among out-of-hospital sudden cardiac arrest patients to improve care.

$3 Million

RESEARCH
Selected examples:

• Hypothermia Study
• Telephone CPR Study
• WA State AED Registry
• WA State Cardiac Arrest Registry
• Role of CPR following initial countershock in out-of-hospital sudden cardiac arrest

$7 Million

SPECIAL PROJECTS
Selected examples:

• Resuscitation Academy
• M. Copass Endowed Fund/UW
• L. Cobb Medic One Endowed Chair in Pre-hospital Emergency Care/UW
• PulsePoint/Seattle Fire Department
• Dispatch Center Quality Improvement/Seattle Fire Department
• Rescue Drone/Eastside Fire & Rescue
• Community CPR
• Certified CPR/AED/First Aid Training
• Wildland Firefighting Equipment

$1 Million

EMERGENCY MEDICAL EQUIPMENT
Equipment grants to more than 55 fire and emergency service providers.
