We Are the Medic One Foundation

OUR MISSION
Save lives by improving pre-hospital emergency care.

The Medic One Foundation is a community-based nonprofit organization dedicated to saving lives by improving pre-hospital emergency care. The Foundation supports critical programs and initiatives that have a significant impact on the number of lives saved through fundraising, advocacy, and collaboration.
"Donors truly make this program what it is today—a world-class program. They allow paramedics, like myself, help give someone a second chance at life."

Paramedic Odi Adedapo
Seattle Fire Department

Our deepest thanks to all who supported Medic One Foundation and our mission of saving lives. Below are some of the ways that your support directly impacted the quality of our region’s extraordinary Medic One system. Your gift to Medic One Foundation last year made it possible to:

- Train and certify twenty-three new paramedics who are now in the field saving lives in Bellevue, East Jefferson County, Everett, Port Ludlow, Redmond, Seattle, Shoreline, South King County, South Snohomish County, and Tulalip.

- Provide continuing medical education for more than 270 working paramedics in the Puget Sound region.

- Purchase three training manikins for the Medic One Paramedic Training and Continuing Education Program to be used by active paramedics and paramedic students during hands-on training drills.

- Launch the Emergency Medical Technician (EMT) Scholarship Program to help remove financial barriers for individuals interested in pursuing a career in emergency medicine.

- Fully adapt our CPR/AED and First Aid training programs into virtual formats and partner with local community groups to expand our target audience, educating over 1,000 adults and children in CPR/AED and First Aid.

- Award much-needed emergency equipment to thirteen fire and EMS providers serving King, Kittitas, San Juan, and Snohomish County.

- Install PulsePoint—a mobile app that alerts users to cardiac arrests nearby so that they can begin CPR before first responders arrive—for King and Snohomish County.

Your support is a major reason why Medic One paramedics achieve a survival rate for sudden cardiac arrest that is among the highest in the world. Every day, your gift brings life and hope back to families.
Medic One Foundation Financial Highlights

The Medic One Foundation's most recent audited financials and IRS 990 can be found on our website at mediconefoundation.org.

Impact of Your Generosity Since 1974

Since 1974, the Medic One Foundation has invested $30 million in pre-hospital emergency care to ensure that the care provided in our region is medically appropriate, employs the most advanced procedures, and is performed by qualified personnel.

$13 Million
PARAMEDIC TRAINING AND CME
Funding for the training and continuing medical education of paramedics in our region.

- 3x the number of training hours
- 3x the number of patient contacts
- Taught by UW/HMC physicians and faculty

$3 Million
RESEARCH
Selected examples:

- Hypothermia Study
- Telephone CPR Study
- Amiodarone-ARREST Project
- WA State AED Registry
- WA State Cardiac Arrest Registry
- Role of CPR following initial countershock in out-of-hospital cardiac arrest

$7 Million
SPECIAL PROJECTS
Selected examples:

- Resuscitation Academy
- M. Copass Endowed Fund for Paramedic Training
- L. Cobb Medic One Endowed Chair in Pre-hospital Emergency Care
- PulsePoint
- Dispatch Center QA
- Rescue Drones
- Community Hands-only CPR/AED
- Certified CPR/AED/First Aid Training
- Wildland Fires

$6 Million
MEDIC ONE PATIENT CARE QA
Analysis of treatments and outcomes among out-of-hospital sudden cardiac arrest patients to improve care.

$1 Million
EMERGENCY MEDICAL EQUIPMENT
Equipment grants to more than 55 fire and emergency service providers.
